Release: May 2008

## Mereway Kitchens offers Affordable Luxury

For affordable luxury that fits perfectly with up and coming market trends, look no further than Mereway Kitchens. A new addition to their successful Cucina Colore range; *Lastra Insetto* is a flat slab door featuring a sleek inset aluminium handle door style, providing retailers with the opportunity to create the look of a top end contemporary kitchen at an affordable price. *Lastra Insetto* offers a wide range interchangeable cabinet finishes available in exciting gloss lacquer, silk and woodgrain door colours.

Reflecting a key look that is proving popular on the continent *Lastra Insetto* provides a half way house between the Lastra range with its selection of sit on handles, and Futura, the completely handleless range successfully launched in 2007.

Insetto provides retailers with the opportunity to design the look of a handleless kitchen from the wide range of cabinets within the Mereway Kitchens range. Available in the same exciting 6 gloss lacquer, 7 silk and 6 woodgrain door finishes, it offers the ability to create a desired look from a wide range interchangeable cabinet finishes and door colours.
